

## STREET IS GUEST OF ARAB PATROL

Acca Temple Celebrates Victory Over Many Contestants in Louisville Drill.

Relating interesting experiences of "crossing the hot sands," the prize-winning patrol of thirty-two members of the Acca Temple, Nobles of the Mystic Shrine, last night celebrated its victory over the thirty-seven patrols of other shrines, which competed for the loving cup offered for the best equipped and best-drilled patrol by the Kiosh Shrine at the annual convention of the Mystic Shrine at Louisville, with an elaborate dinner at the Richmond Hotel.

As the guests of the patrol last night were Imperial Potentate of North America George L. Stree, and illustrious Potentate of Virginia, T. B. McAdams, both of whom made interesting addresses, telling of their experiences as Shrines.

As a token of appreciation of the work which he did in assisting the patrol to capture the much-sought-after trophy, a handsome jewel, was presented to the patrol by the Imperial Potentate. The presentation was made by Toastmaster C. Gray Bossieux, captain of the patrol, and was received by Mr. Pelouze with a neat speech.

All speeches were impressive, the Shrines telling of some of their experiences. Most interesting among these was that of Dr. J. F. England, known as the "big chief" of the patrol, who vividly related amusing incidents of his stay in Louisville.

Second Lieutenant G. H. Keese and E. T. Atkinson were also among the speakers, and their remarks brought forth much merriment and applause.

The Acca Patrol evinced a delight and enthusiasm in many ways, and not a few remarks were made relative to a proposed visit to New Orleans next April, when the patrol also hopes to capture the prize as the best-drilled squad of Shrines in the country.

The merry-making lasted until far into the night, and the occasion was thoroughly enjoyed. The menu served was elaborate and in keeping with the celebration of the event.

### INSPECT NEW ROADS

Members of Corporation Commission on a Tour of Virginia Highway.

Members of the State Corporation Commission left last night on the Old Dominion steamship for Norfolk, from which place they will begin this morning a tour of inspection of the new Virginia Highway and of the Carolina, Clinchfield and Old Dominion Railway. The commissioners, with officials of the two roads, will travel in a special train, leaving Norfolk this morning at 7 o'clock and spending the night at Bluefield.

To-morrow a tour will be made over the Carolina, Clinchfield and Ohio, inspecting that portion of the line in Virginia from Finks to Dante and from the Tennessee line to Speers Ferry. The party will go on to Bristol over the Virginia and Southern, returning to Richmond by way of the Norfolk and Western and Atlantic Coast Line on Saturday.

**Damage Trifling.**

An alarm of fire came yesterday morning at 7:36 o'clock from Twenty-sixth and Vesuvius Streets, where a warehouse was partly destroyed. The damage was inconsiderable.

## YOUNG DOCTORS WOULD PRACTICE

State Board Takes Stringent Action to Prevent Cheating in Examination.

To the consternation of many of those who are standing the examination for license to practice medicine in the State, it developed yesterday, when the examination opened, that there was a man thoroughly familiar with the situation, who was on guard for the purpose of seeing that there is no cheating in the compilation of the papers of the various applicants. This fact is not stated upon the authority of the examining board as a whole, but it is known that such a condition prevails, members being spurred on to this precaution by the fact that short cuts have been taken by certain applicants in the past.

There are 307 applicants before the board. There are twelve colored men applying for certificates to practice, and two women, one of the latter being an osteopath.

The members of the board who are attending the examination follows: Dr. Rawley W. Martin, Lynchburg, president; Dr. R. S. Braxton, secretary; Stuart, Dr. E. T. Brady, Abingdon; Dr. R. M. Slaughter, Alexandria; Dr. Herbert Old, Norfolk; Dr. M. R. Allen, Norfolk; Dr. H. W. Stephenson, Toano; Dr. W. B. Robinson, Tappahannock; and Dr. A. S. Priddy, Keyville.

The session of the board will last until to-morrow night. The papers of the applicants will be taken under advisement, and the results announced later. The meeting is being held in the assembly room of the University College of Medicine.

**Building Permits.**

Permits were issued in the office of Building Inspector Beck yesterday to the following:

Frank A. Jones to erect a two-story detached frame dwelling on the west side of Twenty-second Street, between R and S Streets, to cost \$2,200.

S. P. Cowardin, to erect a detached two-story frame building for dwelling and store, on E. and S. Streets, between Fourth Street and between O and P Streets.

## S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer, S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

Mr. Brock reported that Volume 37, which contains important data of representative and historical nature, is now rapidly nearing completion, and will shortly be in the hands of the printer.

Addressing the society, Mr. Brock took occasion to remark that the organization should appeal particularly to Southerners, and pointed out that it should have the unstinted support of all Virginians, and above all, of the citizens of Richmond. The society was organized in 1877 in this city. Efforts are now being made to increase its membership.

Those present at the meeting of the executive committee were Colonel T. M. R. Talcott, Colonel William H. Palmer, Colonel W. Gordon McCabe, W. Ellis Jones, Judge George L. Christian and Secretary Brock.

## To the Voters of Richmond

Good Morning.

I beg to submit the following considerations to the voters of the city of Richmond in my candidacy for the office of City Sergeant:

I regard the office of City Sergeant as an important one, and will always be impressed with this fact and govern myself accordingly.

The people of Richmond will not tolerate an antiquated system in the conduct of this office.

In order to render efficient service the City Sergeant must study the needs of his department and employ the most up-to-date methods in order that it may compare favorably with other institutions of like character.

As representatives of prison associations and persons having prisoners in charge meet annually for the purpose of exchanging ideas with reference to the conduct of prisons and the treatment of prisoners, I shall regard it my duty to attend these meetings in order to obtain all information possible, which may enable me to discharge my duties for the best interests of society and those under my charge.

In the selection of assistants I shall endeavor to secure the services only of men of good character, intelligence, sobriety and humanity, regarding these as essential qualifications.

I regard cleanliness of the prison and prisoners as not only essential to health and comfort, but as an important factor for the preservation of self-respect on the part of the prisoners.

I will devote the whole of my time and attention to the discharge of the duties of the office, and not depend upon any one else for the performance of duties which should devolve upon me.

If it shall be the will of the Legislature to abolish the fee system and substitute the payment of a salary to the City Sergeant, I will interpose no opposition, but cheerfully acquiesce in the change.

I would like to demonstrate the reasonableness of the above propositions by an incumbency of the office for a term.

Our Democratic primary will be held to-day for the purpose of making a nomination, and I would like very much to be your choice.

Yours very truly,

**JOHN L. SATTERFIELD.**

## SUNDAY-SCHOOL WORKERS TO RALLY

State Convention to Be Held in University Building at Charlottesville.

The program arranged for the eleventh annual session of the Virginia State Sunday School Association, which will be held at Charlottesville from June 29 to July 2, inclusive, promises to be one of the most interesting ever participated in by that organization.

The opening session will occur Tuesday night in Cabell Hall, one of the university buildings, and will be introduced by song and devotional services, followed by the welcoming of the delegates, who will gather at the university city from all parts of the Old Dominion.

Including the appointment of committees, routine work will be disposed of at the opening session, and a recording secretary and two assistants elected.

**Dr. Phillips to Speak.**

The second session will begin Wednesday morning at the First Baptist Church of Charlottesville, and department conferences will be taken up.

Following this and a few brief ceremonies the delegates will again adjourn to Cabell Hall and take up the reports of officers and hear an address on "The Teacher Himself" by Rev. A. L. Phillips, D. D., of Richmond.

From 1:30 until 3 o'clock on the second day, on the campus of the university, a picnic lunch and social gathering will be enjoyed, that all of the delegates may become acquainted and renew old friendships.

In all there will be ten sessions, the last occurring Friday night, July 2, at Cabell Hall. One of the features of this gathering will be the address of Rev. Llewellyn N. Caley, D. D., upon "The Importance of Sunday School Work to the Church and Nation." This will be followed by the farewell services and benediction.

Through the entire convention the daily sessions will be replete with interesting talks by well-known Virginia clergymen and prominent laymen, who devote much of their time to furthering the work of Sunday schools. The election of officers will occur at the sixth session, Thursday.

## CAR CONDUCTOR STABBED BY NEGRO

G. E. Lewis Lies in Critical Condition at Virginia Hospital. Assailant Arrested.

Without warning and without provocation, it is claimed, Clifford Johnson, colored, stabbed Conductor G. E. Lewis, of the Main Street car line, in the chest yesterday morning, while the car was going west, near Seventh and Main Streets, and the conductor now lies in a precarious condition at Virginia Hospital. Johnson, immediately after the cutting, jumped from the car, and though pursued by the conductor for a short distance, escaped, but was caught several hours later in Fulton, and was locked up in the First Police Station.

Johnson, it is alleged, was blocking the rear platform of the car, greatly hindering passengers from getting on and off. The conductor remonstrated with him, and the man became surly. A passenger saw him draw a knife, and warned Lewis. As Lewis turned, the negro plunged the knife deep into his breast, and then waving his bloody weapon, jumped from the car. Mr. Lewis nursed him a short distance, but was overcome from weakness due to his wound, and was forced to desist. He was soon after taken to the Virginia Hospital, where he was placed in charge of Dr. Stuart MacLean. His condition is said to be critical, as the blade penetrated the right lung, causing internal hemorrhage.

Johnson admitted the stabbing when he was locked up.

**To the Voters of the City of Richmond:**

We are now nearing our city election. There are many candidates in the field; surely all cannot get elected. The one I am deeply interested in is the office for City Sergeant. Mr. C. Smith has held the office for many years, and has been very satisfactory in fulfilling his duties. He is generous and kind-hearted, especially in Buck Johnson's case, who is one of his deputies. For seven long years he has retained Buck Johnson's services, paying him his salary regularly every month, he being totally unable to attend to any duty whatever.

I appeal to the many voters of this city to vote for J. C. Smith if for nothing else but to help Buck Johnson and his family, who is a confirmed invalid.

Expressed by many voters.

**Fellow Citizens and Friends:**

I am a Candidate for the Office of

If elected, I promise to employ a sufficient number of efficient and competent deputies. I will thank you for your votes.
